

AMENDMENTS TO THE SPECIFICATION

On page 6, line 1, please change "cutting extension 22" to -- cutting extension 26 --. Applicant notes that the Examiner indicated this typo was located on page 6, line 14.

a (Each tooth body 20 includes a cutting extension 26. Each cutting extension 26 extends above the height "H" of the tooth body 20. The height of the cutting extension 26 is indicated by the letter "h" on Figures 3 and 6A-6C. Each cutting extension 26 has about the same height. The height of each cutting extension 26 is preferably between about 0.001 to 0.01 inches. Each cutting extension 26 has a width, "w," that is less than the width "W" of the tooth body 20. Preferably, the width of the cutting extension 26 is based on the number of cutting teeth 17 in a group of teeth. That is, the width of the ~~cutting-extension-22~~ cutting extension 26 is about equal to the width of the tooth body 20 divided by the number of cutting teeth 17 in a group. Expressed mathematically, where "n" represents the number of cutting teeth 17 in a group, w represents the width of the cutting extension 26, and W represents the width of the tooth body:
